

# < Why People Move >

## Transferable Job :

Jobs which require frequent shifting from one place to another are called transferable jobs.

## Life of people with transferable jobs :

\* They move from city to city

\* Find house

\* Admit children to new school

\* Shift household things.

Migration : The movement of people from one place to another, with the intention to stay there is called migration.

Migrants : The people who migrate are called migrants.

< migrate : To move from one place to another >

Migration can be :

- To Near by Places  
(village → city)
- To Long distance  
(one state → Another state)
- To different Country  
(one country → another country)

International Migration: The migration of people from one country to another is called international migration.

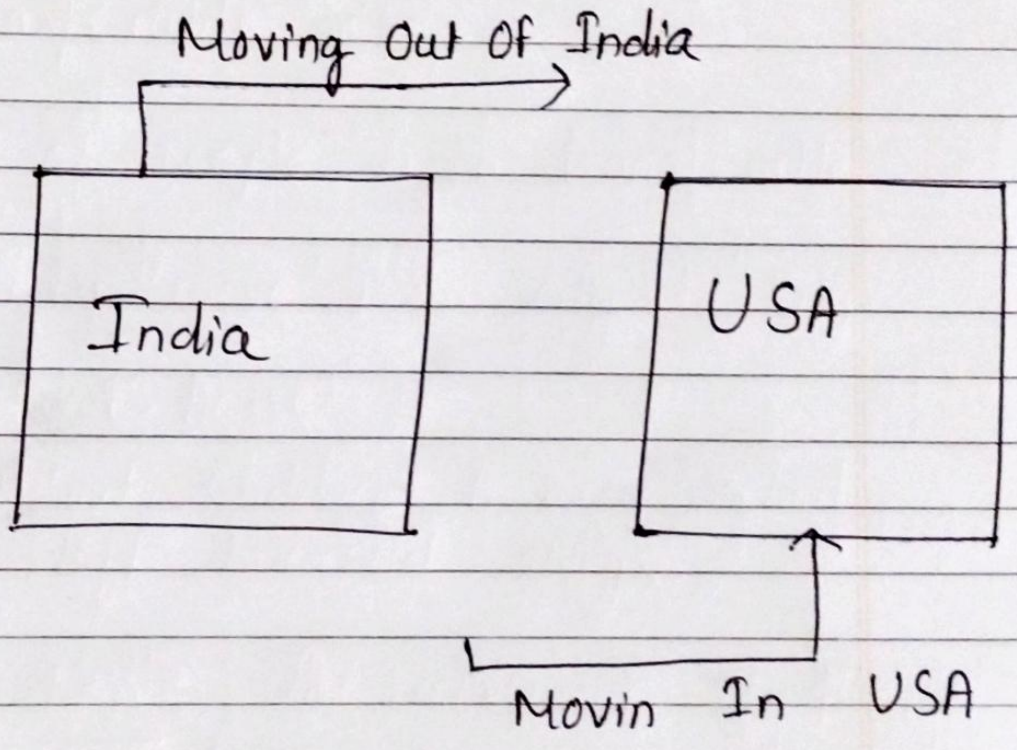

Emigrants: people who migrate from their own country to settle in another country, are called emigrants.

Immigrants: The emigrants are called immigrants in the country where they settle permanently.

OR

An immigrant is a person who has come to live in a country from some other country.

E.g.:

\* If you are Indian and you are moving out of India then you are Emigrant to your own country.

\* But As you are moving In to another Country USA so you are an Immigrant in USA
