

CLASS-III (English Core Book)
Counting Crows

Dt - 04-01-2022

Q.B. Answer these questions.

1. When did Akbar ask about the crows?

Ans - Akbar asked about the crows when he saw several crows, flying in the garden while he and his ministers were walking around his palace.

2. Why did the ministers look at one another helplessly?

Ans - The ministers looked at one another helplessly because none of them knew the answer to the question.

3. What number did Birbal give Akbar? Was he sure of it?

Ans - The number Birbal gave Akbar was nine thousand, eight hundred and seventy-six.

Yes, he was sure of it.

4. What reason did Birbal give for a higher number of crows?

Ans - Birbal said that like people, crows too visit their relatives in other places. If there were a higher number of crows, then it just meant that the relatives of the crows from this kingdom had come visiting.

5. How did Birbal explain a lower number of crows?

Ans Birbal explained that if there were a lower number of crows, it meant that some of the crows from the kingdom had gone to visit their relatives in other places.

Answers

Q.C.
Q.10 'He' was Emperor Akbar. 'They' were his ministers.

1(b) He was thinking about their intelligence because he had just asked a question that they did not have an answer to.

2(a) Akbar said this to Birbal.

(b) Birbal replied that according to his calculations, there were nine thousand, eight hundred and seventy-six crows in the kingdom.
